ABOUT US

Over the past 30 years, Sawhney Engineering Company has been setting new quality standards and We are a leader in the precision tooling industry. We manufacture all types of Precision exacting dimensional tools, Fixtures, Gauges, Spindles, Shafts. Precision machined components and assemblies for various industries.

OUR VISION

"To achieve higher goals of excellence by establishing objectives and targets to meet statutory and Regulatory requirements "

CUSTOMER FOCUS

We work on the ideology of Customer First, Our business policies and strategies are formed in accordance with the Customer -First approach. We understand it as our responsibility to help guide our customer right. we bridge the gap between what the customer wants and what they actually need We have a team of well trained and qualified technicians. This allow us to offer an in house ability to customize requirements to the last microns. This ensures that expectations and requirements are met.

QUALITY ASSURANCE

For quality control, we have instruments like Bore Gauges, Dial Gauges. Dial vernier Gauges Dial Gauges, Digital vernier carbide, Slip Gauge, Hardness tester, Various tool room instruments of Mitutoyo make which are used to maintain the required accuracy.

"Our Moto is to provide our customer with high quality Precision components, Fixtures, Spindles and Gauges at reasonable cost"

We have recieved the Prestigious "Times SME ICONS" by Times Interact, Make In India, Emerging Brand Awards by Dainik Jagran and Idustry Leadership Award by Dainik Jagran for providing exemplary services in the precision components category and more rewards and recognition are coming along.

With good experience, Sawhney Engineering Company can be safely counted as top master gauges manufacturers in India.

We have expertise in special purpose gauges, plug gauges, ring gauges, control gauges, height gauges, snap gauges, hub gauges, depth gauges, P.C.D gauges etc. We are known to manufacture high quality gauges using our expertise. Our skilled team is capable of undertaking and delivering all gauges related projects within the specified timelines.

Gauges

Fixture

We are an award winning fixture manufacturer in India. We design and manufacture .OD Profile Checking Fixtures, Bore Checking Fixtures, Calibration Checking Fixtures, Height Checking Fixtures, Holding Fixtures, Sensor Holding Fixtures, Circlip profile and Seat Fixture, Depth Checking Fixture, etc. We can engineer all type of Fixtures Our fixtures have been known to reduce manufacturing costs owing to their accuracy, durability and quality.

We are a leading Precision Components Manufacturers and suppliers in India. We create Precision component Tools to exact specifications. Our team is fully equipped to take custom jobs for those specialized cases like making a Spindle, & production assembly .

Precision Components

Shafts & Spindles

We manufacture all types of Shafts to be used in machines. Size, quantity, quality and complexity of the product will never be an issue for our skilled product engineering team. Our USP is to deliver finished shafts of top quality not just limited to manufacturing as per specifications but extends to feedback pertaining to metallurgy, design, concepts and much more.
